

Responsible Tobacco Retailing: What You Need to Know

To comply with all federal, state, and local tobacco sales laws, you must continue to do the following for every tobacco sale, including the sale of electronic smoking devices:

- 1 Ask for photo ID from everyone under 27.**
- 2 Check to make sure all customers are at least 18 years old.**
- 3 Refuse to sell tobacco to everyone under 18.**

Inspectors at the federal, state, and local level are checking to make sure retailers, *including vape shops*, are not illegally selling any tobacco product to minors.

What this means for retailers

It's important to follow the three steps above, as these will help you remain in compliance no matter who checks your store.

If caught selling any tobacco product to youth under 18, federal fines alone can be up to \$11,000! Licenses may also be suspended or revoked and no-tobacco-sale orders may be issued for repeat offenders.
